Used Vehicle Sales Qualifier

Each salesperson will be required to sell a minimum number of Used Vehicles in order to earn a portion or all of the Volume Unit Bonus, (this applies to those who sell at least 12 units for the month), as follows:

- Sell 1 Used Vehicle to earn 25% of the Volume Unit Bonus
- Sell 2 Used Vehicle to earn 50% of the Volume Unit Bonus
- Sell 3 Used Vehicle to earn 75% of the Volume Unit Bonus
- Sell 4 Used Vehicle to earn 100% of the Volume Unit Bonus

Holding on Trade Bonus

You will earn a minimum of 25% on the amount you hold on a trade-in. This means if the overall deal loses money, but you hold \$2,000 on the trade-in, then you will be paid \$500 in this example. If you hold \$3,000, then you are paid a minimum on the deal of \$750. This will be paid plus your minimum commission on the deal, and you still earn unit volume bonuses over and above what is earned on the individual deal.

Finance Bonus

- Finance Bonuses will only be paid on deals that are turned to the finance office. 100% turn is expected at all times. Salespeople will be held accountable for 100% turn over to the finance department.
- Salespeople will be paid **5 %** of the finance and insurance profit.
- Any F&I chargeback or cancellation within 90 days will have the commission from finance charged back to the salesperson.

Christmas Bonus

\$5.00 per unit sold will be taken from the commission and matched by Stingray for a total of \$10.00 per unit sold. This will be paid on December 15th of each year it is accumulated. If the salesperson terminates employment for any reason, the salesperson will receive their money retained, but not the matching dollars.

Vacation

Each salesperson with at least one year of continuous employment will receive vacation pay based on 1/52nd of their annual pay.
